Attorney Docket No.: 7913-035

Amendment in Response to May 7, 2003 Office Action
Examiner R. Alexander

Amendments to the Specification

Please replace the title of the invention with the following title:

~~Stainless Steel Structural Member For Blockformer Apparatus~~ With Micropeened Surface
and Method for Producing Same , ~~Method For Manufacturing Structural Member And~~
~~Blockformer Apparatus Provided With Stainless Steel Structural Member~~

Please replace the Abstract with the following text:

A stainless steel structural member for a blockformer apparatus has at least one surface along which in operation curd slides. The ~~at least the~~ at least one surface coming into contact with curd is at least partly a substantially sloping undulating surface, viewed on a microscopic scale, which has been obtained through a micropeening treatment.
